

SACHIN SAVKARE

Business & Sales Analytics Professional | Mechanical Engineer, MBA

Pune, Maharashtra, India | +91 96890 26642 | sachinsavkare08@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Mechanical Engineering graduate from Savitribai Phule Pune University with a Postgraduate Degree in Business Administration and Management from Welingkar Institute of Management. Six years of experience across supply chain operations, SAP order to cash processes, and business analytics, with a strong focus on customer, channel, and revenue data. Comfortable working with Power BI, SQL, and automation tools to turn data into decisions, and experienced coordinating with vendors, clients, and cross functional teams across supply chain, retail, hospitality, telecom, and insurance projects.

CORE SKILLS

Sales and Business Analytics: Revenue trend analysis, customer segmentation, KPI tracking, channel reporting

Digital Marketing: Campaign brief to content automation, multi platform publishing, AI content pipelines

ERP and Order to Cash: SAP Materials Management, export documentation, vendor and client coordination, S&OP;

Data and BI Tools: Power BI, DAX, SQL, Excel, Power Query, Python, Microsoft Fabric

Automation: n8n, Make, Zapier, REST APIs, ETL pipelines, AI agents (GPT-4, Gemini, Claude)

PROFESSIONAL EXPERIENCE

Business Automations Engineer

Codebasics, India | Nov 2025 - Present

- Design and deploy business automation and AI workflows under the AI Toolkit for Professionals program.
- Built automation pipelines using n8n and AI models that cut manual processing effort by 60-80% across invoice, approval, and content workflows.
- Developed a campaign brief to content automation tool that turns short briefs into platform-specific marketing content, and built Power BI dashboards for stakeholder reporting.

Junior Data Analyst

SunAnd Technologies and Services Pvt Ltd, Pune | Jan 2023 - Present

- Build and maintain Power BI dashboards with DAX, turning transactional data into channel and customer level insights.
- Prepare requirement documents, align cross functional teams on reporting needs, and run workshops on dashboard design and data storytelling.

Data Analyst Intern

AtliQ Technologies, Remote | May 2025 - Jun 2025

- Delivered KPI dashboards for telecom and insurance clients, working with datasets of over 1 million records.
- Built customer segmentation and sales channel analysis that identified a Rs. 298M cancellation-driven revenue loss for a hospitality client, informing policy recommendations.

Supply Chain Operations Manager

DCargo Overseas Private Limited, Navi Mumbai / Nashik | May 2021 - Dec 2023

- Directed supply chain operations from procurement to last mile delivery, using SAP for export documentation and order tracking.
- Ran financial and marketing analysis to guide business decisions and identify growth opportunities.

- Managed Sales and Operations Planning (S&OP;) to align supply with demand, and maintained vendor and key client relationships across international trade.

Supply Chain Analyst

Nihon Koso Co., Ltd., Nashik | May 2019 - Jul 2019

- Used SAP Materials Management to support purchasing and store operations, and ran inventory analysis using ABC classification and EOQ.

KEY PROJECTS

AtliQ Hospitality Revenue Analysis (Power BI, DAX, SQL)

[View on GitHub](#) | [Watch Demo](#)

Power BI dashboard analyzing hotel booking data, identifying Rs. 298M in revenue loss from cancellations and informing policy recommendations.

Campaign Brief to Content Automation (n8n, Tavily, OpenAI)

[View on GitHub](#) | [Watch Demo](#)

Turns a short campaign brief into researched, platform-specific marketing content automatically.

AI Powered Variance Report Automation (n8n, PostgreSQL, Gemini)

[View on GitHub](#) | [Watch Demo](#)

Compares daily CSV data against a live database and emails formatted variance reports, removing hours of manual comparison work.
